

Consumption of marijuana can include side effects and potential risks. For any immediate concerns, call the Missouri Poison Center at 1-800-222-1222

Learn more below:

- Marijuana use affects brain functioning, and is likely to cause physical and mental impairment.
- Those who consume marijuana should not operate a motor vehicle or other similar equipment.
- Women who are or may become pregnant or are breastfeeding should avoid using marijuana as it may cause pregnancy complications, harm the baby's development, and result in a lower birth weight;
- Secondhand smoke from marijuana can have psychoactive effects, and should be avoided for all children.
